

WHAT IT MEANS TO BE AN ADVOCATE

Congratulations new advocate! Because of you, 5 more children will be matched with a sponsor and have the opportunity for a better life.

Sign Up a New Sponsor

Seeking out and signing up a sponsor can often be a daunting task. It can, however, be made easier and more effective with the following steps:

1. Familiarize yourself with each of your children and begin praying for them.
2. Always carry your child profiles with you.
3. Spread the word to your family and friends about the great opportunity to sponsor a child.
4. Consider having a home party where you tell people about all the benefits of child sponsorship in a fun setting.
5. Ask your employer to create a matching program or work event where awareness could be brought to the cause.
6. Once a sponsor has been found, either guide them through the registration and remind them to mail in the sheet or direct them to the website where they can view the profile and signup online.
7. Record newly sponsored child in the advocate resource section of GO's website.

Sign Up Another Advocate

As you share your passion for sponsorship with others, you may find that some of your family, friends, or coworkers share that same desire and may want to become an advocate for more children as well!

1. Share your experience of being an advocate with others.
2. Describe the multiplying impact being an advocate can have for children in need.
3. Once an advocate has been found, and you have an advocate packet, you can guide them through the signup process and record the child profiles to the advocate on the report form. You may also direct the new advocate to GO's sponsorship coordinator if you do not have an advocate packet.
